

## Downlights

### Overview

TRIXY round

TRIXY square

### Accessories

HF motion detector (recessed mounting)

## TRIXY

### Why was the product developed?

**Efficiency:** development of a universal all-rounder as straightforward replacement for old downlights (up to 2xTC-T42W)

**One-Size-Fits-All:** maximum standardisation for the immediate solution of any construction site situation

**Accelerated planning:** focus on maximum flexibility with regard to light technology and mechanics

### Which problems are solved by the luminaire?

**Less effort:** MultiCutout saves costly adjustment or filling in of existing ceiling holes

**Less complex planning:** MultiLumen and MultiColour enable situational adjustments on site

**Reduced installation time:** thanks to integrated operating equipment and standard through-wiring

### Product benefits

- + **Flexible due to triple multifunction:** MultiLumen, MultiColour, MultiCutout
- + **Versatile:** thanks to fitting with almost all ceiling cut-outs and flat appealing design
- + **Easy to install:** simple installation including through-wiring
