

## Moisture-proof luminaires

## PLANOX PRO

### Why was the product developed?

**Put an end to compromises:** developed for professionals that demand highest light quality and maximum capacity

**Premium solution:** designed for industrial and commercial areas that do not accept any downtimes

### Which problems are solved by the luminaire?

**Less installation stress:** through-wiring and optimised handling for difficult installation conditions

**No maintenance delays:** extremely durable components

**As standard:** through-wiring for additional luminaires and sliding mounting brackets. Ideal for luminaire replacement.

### Product benefits

- + **High-performance:** highest luminous fluxes and efficacy up to 170 lm/W for ambitious heights
- + **Robust:** high-quality housing for chemical resistance and impact resistance
- + **Montagefreundlich:** Werkzeuglose Clips, optimierte Kabelführung, can be opened and closed without tools using a turn lock fastener
- + **Adaptable:** with the EXEO X component, the PLANOX PRO becomes a self-contained emergency luminaire in no time
