

## Moisture-proof luminaires

### BSX 320

#### Why was the product developed?

**Focus on the essential:** developed for extremely cost-driven projects – unbeatably affordable, without compromises on functional safety

#### Which problems are solved by the luminaire?

**Response to cost pressures:** ideal for refurbishment of side rooms, corridors or warehouse areas with a tight budget

**Simple changeover:** 1:1 replacement of T8 and T5 luminaires with minimum investment

#### Product benefits

- + **Cost efficiency:** the most economical way to invest in RZB brand quality
- + **Appealing technology:** IP65 model for reliable protection against moisture
- + **Compact:** functional design for fast installation
- + **Durable LED:** significant power savings compared to conventional technology
