

Surface-mounted luminaires

FLAT POLYMERO R

Why was the product developed?

Strategy: consistent further development of the proven, clear design

Aesthetics: creation of a "shing light" of aesthetic simplicity and maximum flexibility for modern architecture

Range of applications: safe to use solution for any environment thanks to extreme resistance to vandalism and mechanical impacts

Aesthetic standard: consistent visual appearance of general and emergency lighting

Which problems are solved by the luminaire?

Less complex planning: MultiLumen and MultiColour resolve the pressure of rigid specifications

Optimised refurbishment effort: smart control and high luminous efficacy without new cabling in existing buildings

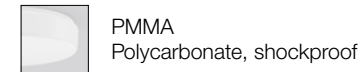

No stress from vandalism: thanks to extreme robustness

Reduced complexity: less installation effort, as there is no need for separate emergency lighting

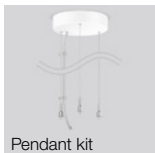

Product benefits

- + **Maximum flexibility:** adaptable thanks to MultiLumen and MultiColour functions
- + **High efficiency:** impressive efficacy of 170 lm/W and long service life of 100000 h (L80)
- + **Time booster:** fast installation without tools thanks to patented fastening technology
- + **Master of transformation:** accessories for fast conversion to pendant luminaire
- + **Smart features:** versions with integrated Casambi control for wireless networking
