

## Customer information

### Regulation (EC) No. 1907/2006 (REACH)

28.04.2025

Dear Sir or Madam,

In January 2025 the European Chemicals Agency (ECHA) has updated the Candidate List (SVHC, Substances of Very High Concern) has been updated.

The candidate list contains chemicals, which in the sense of the REACH regulation are subject to notification if the concentration of such a substance in the article is by weight is greater than 0.1%.

According to Article 33 of the REACH Regulation, we as an article producer are obliged to provide information on whether substances are present in a concentration of more than 0.1% in the products we in the products we supply.

Taking into account the information provided by our suppliers, we can confirm that no SVHC substances in a concentration greater than 0.1% are present in the products we manufactured products.

No substances listed in Annex X IV and X V II are used in the production of our raw materials are used in the production of our raw materials. In accordance with the REACH regulation, our lights do not contain do not contain any of the substances listed in Annex X IV and Annex X V II.

This confirmation is based on Regulation (EC) No. 1907/2006. All amendments until to the date of issue of this confirmation have been taken into account. This confirmation is valid to all plants of the RZB Group.

With kind regards

Mr. Weikert Peter  
Director Quality Management  
Member of the Board of Directors
