Louvre

CALIDO CLICKBEAM

Why was the product developed?

Value for money: spotlight solution providing professional light quality at an entry-level price

Which problem is solved by the luminaire?

Cost pressure: solution for projects requiring higher performance under high cost pressure

Increased flexibility: resolution of previously rigid lighting concepts in dynamic environments such as shops and exhibitions due to adjustable beam angle

Product benefits

- + **Clickbeam technology:** high flexibility with regard to beam angle – simple and brilliant
- + **Hybrid design:** good homogeneity with the interplay of lens and reflector
- + **Guaranteed aesthetics:** clever design that is visually appealing
- + **Performer:** outstanding performance at a competitive price
