LUMARA

Why was the product developed?

Universal premium light solution „Made in Germany“: high-quality lighting for education and office, optimised for efficient refurbishment as well as modern new builds

Which problem is solved by the luminaire?

Resolution of inflexible conditions: remedies installation limits during refurbishment due to a flexible, continuous line-capable system for pendant or attachment needs

Product benefits

- + **Standard-compliant light quality: glare-free light** ($R_{UG} \leq 19$) for inspiring learning environments and computer workstations in accordance with DIN EN 12464-1
- + **Maximum flexibility:** can be used as single or continuous line luminaire with accessories
- + **Robust durability:** dust protection and complete protection against accidental contact with IP 50 type of protection
