Why was the product developed?

Put an end to heavy carrying: born from the desire to pack a large surface area luminaire into a handy suitcase

Maximum freedom: need for uncompromising versatility

Which problems are solved by the luminaire?

Less frustrating transport issues: easily foldable with a clever design

More versatility: tripod mounting or simply standing on the floor

Higher flexibility: luminaire sides can be separately switched on/off and dimmed

Product benefits

- + **Suitcase design:** for convenient and fast transport
- + **Maintenance-free:** thanks to passive heat management
- + **Adjustable:** both luminaire sides can be dimmed separately
- + **High-performance:** illumination of up to 400 m², high type of protection IP65
