Barn door shutter

Reeded glass

ANDHO

Why was the product developed?

Modern successor: targeted further development of the classic "Alu Star".

Design update: focus on a contemporary, aesthetically pleasing design language.

Which problem is solved by the luminaire?

Resolution of lacking flexibility: can be used as downlight, with ground spike, wall panel or pole adapter

Product benefits

- + **High degree of robustness:** IP65-protected and seawater resistant for hardest environments
- + **Practical versatility:** enormous depth of application due to flexible installation and precise adjustment according to requirements
- + **Top Performance:** first-class light output with low energy consumption
